Re: SUP 28127

Date: 07/01/08

I am writing to request an appeal. The planning commission denied my application for a Special Use Permit. My office was previously located at 1230 W. Owens. I have moved to 1363 W. Owens which is one block West. The panel indicated they did not want me to be located next to a child care center. I was approved to be at 1230 W. Owens, I have always been located next to the child care center. I am now further away from the child care center.

My business is a professional business. We assist customers with bail and they leave our offices. We are like any other business in the community. We operate professionally and have not had any problems. None of the residents are disputing the company being in the area.

I can be reached at 318-1244.
